

SHERMAN IS LOOKING FOR TROUBLE WITH ROOSEVELT

Confers With Taft Regarding New York Fight and the Congressional Campaign—Cannon Must Go, Agree Administration Supporters

BEVERLY, Mass., Aug. 17.—For nearly three hours this afternoon President Taft and Vice President Sherman talked over the defeat of Colonel Roosevelt by the New York state Republican committee yesterday, and the selection of Sherman over Roosevelt as temporary chairman of the Saratoga convention.

Sherman said he had no intention of withdrawing in favor of Roosevelt and he treated lightly the stories that there might be a fight in the convention to repudiate the action of the state committee.

The vice president also talked with the president regarding the congressional campaign. He wants the fight to be waged along the old lines.

A straight-out Republican fight on the Republican platform and the record of the party, including the tariff, he put it.

Sherman's solicitation, President Taft agreed to point the way in the campaign, by writing a letter which is to be a part of the campaign text book of the Republican committee.

CANNON TO BE DROPPED

While the fight apparently is to be directed along the lines of the past, it can be said authoritatively that the future of the party reorganization plans, which call for the retirement of Speaker Cannon, will be directly affected. It is even said that Vice President Sherman, one of the staunchest supporters of the speaker ever had, has become reconciled to the decision that Cannon must go.

A statement is being prepared in quarters close to the administration in which the attitude recently taken by Cannon in public interviews will be depicted and it will be made plain that there is a thought on the part of many of his former supporters again to name Cannon for speaker.

Representative Longworth of Ohio, who has been called into nearly all the recent conferences in the President's home, was at the review of the Sherman today. Representative Anthony of Kansas, one of the so-called "stand-patters" in the Kansas delegation who succeeded in staving off defeat by the insurgents in the recent primaries, also was present.

Anthony also has supported Speaker Cannon, but he too said today that he deplored the stand Cannon is taking. Anthony said that Speaker Cannon had been forgotten in the Kansas campaign until he came into the campaign and made himself out.

President Taft will begin work at once on the letter which is expected to be the keynote of the congressional campaign. He will probably communicate to Representative William H. McKinley of Illinois, chairman of the Republican campaign committee. It is not decided whether the letter will be given out in advance of his appearance in the text book. There is

ARE MAYOR GAYNOR'S PHYSICIANS CONCEALING DANGER OF HIS DEATH

Disquieting Rumors About Wounded Man's Condition Are Supported By Reticence of the Surgeons in Attendance at Hospital.

NEW YORK, Aug. 17.—Officially nothing but good news came from St. Mary's Hospital in Hoboken today and tonight concerning the condition of Mayor Gaynor.

According to his physicians this was his best day since being shot in the neck last Tuesday. This statement was contained in a bulletin both positive and optimistic issued at 9:15 o'clock tonight instead of at 9:30 as heretofore.

8:15 p. m.—"Today has been the best day the mayor has experienced since his injury and this evening he is stronger than at any previous time."

"There is no foundation for the alarming rumors which have been in circulation. If conditions continue as satisfactory as they are now, only two daily bulletins will be issued hereafter."

(Signed) BREWER, STEWART, DOWD, PARRISH.

Reports from the hospital that the bulletins from the mayor's bedside were masking the whole truth were widely current this afternoon, evidently with considerable basis beneath them.

"The statement was credited to Robert Adamson, the mayor's secretary, that the mayor's condition today was fully as serious as at any day since he was shot eight days ago. Other reports had it that the glands in the mayor's neck had begun to swell, indicating the development of the dreaded blood poisoning, and from this it was reasoned that if the swelling increased pressure on one of the blood vessels abraded by the passage of the bullet might induce a hemorrhage with fatal results.

Adamson has answered all these statements which found their way into print, with a flat denial. None of the doctors in attendance would even discuss them.

There remains the fact that there has arisen a consciousness among those in touch with the public and with the sick room that the official bulletins are rigorously confined to the stated symptoms and that at no time have they ventured an assertion that the mayor is out of danger or any definite promise of his ultimate recovery.

Counterbalancing the disquieting rumors, the mayor was able to eat milk-cream and eggs, the nearest approach to solid food since he was wounded. The immediate members of his family still see him only for brief intervals and nobody else but the doctors, Secretary Adamson and the nurses see him at all.

SPEAKER CANNON TALKS OF RETIREMENT TO AN OLD HOME GATHERING IN ILLINOIS

Tells Audience It May Be Last Time He Will Address Them and Warns Against Insurgency and Populism.

MISSOURI-PARK, Ill., Aug. 17.—Speaker Joseph G. Cannon today told the old settlers of Ironquois county that he probably was addressing them for the last time. His speech, which had been regarded as the opening of the Illinois congressional campaign, contained little of the old-time vigor of the representative of the Eighteenth Illinois district.

Instead, he talked of pioneer days and contrasted them unfavorably with the present. The political tinge only was introduced when he asserted vehemently that the protective policy of Lincoln, Grant and Garfield was responsible for the improvement.

"I may never see you again," he said. "In the nature of things, this is probably the last old settlers' meeting I shall ever address in the goodly county of Ironquois. The graves of my forebears are in Indiana and Illinois and mine, when it comes to cross over, will be in Danville."

"My children and your children have a common lot in the general prosperity of this country, or the lack of it. We have not only to take care of ourselves, but of the demagogues who have hampered the general progress with their false statements and false promises."

During his talk the speaker evinced signs of fatigue, despite the intense heat, though \$2,000,000 may be cracked ice in his hands as he spoke. He displayed agility in aiding another veteran of the county to mount the platform and bowed deeply as the act was applauded.

PRIDE OF RAILROADS

Cannon spoke of the prosperity of Ironquois county and declared it due mainly to railroad facilities. He contrasted railroad rates of the United States with those of other countries, declaring that those of this country were the best.

"The demagogues would have you destroy the railroad, which have brought about your prosperity. May God send enough men into public life, honest, brave and courageous men to stop this racket."

He referred to the work of the pioneers in clearing the wooded districts to make farm lands.

"You might think, to hear certain parties talking conservatism," he continued, "and of the destruction of our forests, that we should depopulate our cities and the country to restore the forests to their old-time glory."

"The system we are under is a pretty good system. It is capable of improvement, of course; there is nothing so capable of improvement; but you and myself—and the way to maintain our present prosperity and to improve it is to retain the policy of Lincoln, Grant and Garfield; make men like James A. Garfield; make no mistake as to the name."

FEW POPULISTS

"We must determine, with deliberation, the policies that are best for us and then adhere to them. I might make myself popular with the Populists by advocating destruction instead, but I thank the Lord there are few Populists in this district."

"There are some who ought to know better in Kansas, but we have got to go on taking care of ourselves, while for the next two years Kansas will be the center of our attention. We must take care of it again as we have for the last ten years of his history."

"But as I said, I am not here to talk politics. We are here to talk of the good old days, but I am mighty glad they are gone forever."

Cannon declared he would make several speeches in the coming campaign in this district, but his friends apparently are fearful as to his ability to stand the strain.

HIRAM JOHNSON LEADS NEAREST OPPONENT BY THIRTY THOUSAND VOTES

Works, Webb, Sloss, Melvin, Kingsbury, Hyatt, Taylor, Jordan and Shannon, Among the Successful Candidates—Keesling May Defeat Wallace—Kent and Stephens, Insurgent, Have Beaten McKinlay and McLachlan for Congress.

(By Associated Press.)

SAN FRANCISCO, Aug. 17.—As more complete returns on yesterday's primary election are received and tabulated, the decisive victory indicated by the five returns becomes a certainty.

Hiram Johnson has been declared by a plurality of nearly 30,000 over Charles E. Curry, his closest opponent.

In San Francisco and Alameda counties, virtually complete in the count, and returns from 1,013 precincts out of the 2,769 outside of the Bay territory, Johnson's record was 51,812; Curry, 51,245; Anderson, 24,245; Eilers, 1,224; Stanton, 1,457.

Alameda county returns changed the lieutenant governor situation tonight. Francis V. Keesling now leads Albert Wallace by a little more than 200 votes. San Francisco and Alameda counties and 847 outside precincts give the following results for lieutenant governor: Keesling, 22,682; Wallace, 18,185; Keesling, 38,532; Wallace, 35,364.

In the advisory vote for United States senator John D. Wadsworth is approximately 1,500 votes ahead of A. G. Spaulding. The vote of Alameda and San Francisco, with 259 outside precincts, for Wadsworth, 25,222; Spaulding, 22,446; Sloss, 24,032.

For attorney general U. S. Webb has increased his lead over Frank McGowan by many thousands. The two Bay counties and 821 outside precincts give Webb 75,675; McGowan, 49,192.

Other state officers for which returns have been compiled are as follows, the total representing the vote of Alameda and San Francisco counties plus the number of outside precincts indicated in each case:

STATE TICKET

Attorney general—U. S. Webb, 75,675; McGowan, 49,192.

Superintendent of Public Instruction—Hyatt, 40,000; Shannon, for state printer, 10,000; O'Brien for secretary of state over Wagner, 6,000; Nye, for controller, over Mattison, 5,000; Webb, for attorney general, over McGowan, 10,000; Kingsbury, for surveyor general, over Alberger, 14,000; Taylor, for clerk of the Supreme court, over Bemis, 10,000; Phillips, 10,000; Richardson, 10,000; Thorpe, 10,000.

The League has nominated all judges of the Superior court in this county, but has lost the sheriff and district attorney. The question of who will control the county convention, which will name delegates to the state convention, is still in doubt. Lissner himself was defeated in his home ward for delegate to the county convention by a narrow margin.

The vote for United States Senator was not tabulated with the other candidates in Los Angeles city and county early tonight, but Works and Messers are believed to be running close together in Los Angeles county and city.

ROOSEVELT MAY LEAVE THE OLD GUARD TO PULL THEIR OWN CHESTNUTS OUT OF FIRE IN NEW YORK

Standpatters May Have the Pleasure of Running the State Campaign All to Themselves.

OYSTER BAY, Aug. 17.—Theodore Roosevelt may stay out of politics in New York state during the coming campaign as a result of the action of the Republican state committee yesterday in refusing to recommend him as temporary chairman of the state convention. Colonel Roosevelt laughed today when he talked at yesterday's meeting and said that the result gave

YOUNG AMERICAN AVIATOR MOISSANT CARRIES PASSENGER ACROSS CHANNEL IN MONOPLANE

Remarkable Feat Performed in a Storm—Learned to Fly Only a Month Ago.

DEAL, Eng., Aug. 18.—It had been dreamed for an American citizen to perform one of the most daring feats in the history of aviation.

John R. Moissant of Chicago flew across the English channel from Calais to Tilmanstone today with a passenger, and by this feat surpassed the feat of Herbie, the American, and the English aviator, Bolls, who afterwards met his death at Bournemouth.

The two men flew from France to England was the more astonishing in that it was only a month ago that Moissant learned to fly and was a little known among air men that not even his nationality was disclosed. He was reputed to be a Spaniard, and it was only when he landed in England today that it was revealed that he is a young Chicago architect.

To make this feat still more surprising, Moissant was totally ignorant of the geography of his course. He had to rely entirely on the compass while crossing the channel in the teeth of a strong easterly wind.

The channel flight was an incident in the aerial voyage from Paris to London. Moissant left yesterday with Hubert Latham and reached Amiens in two hours. Latham's aeroplane was wrecked and this morning Moissant, leaving Amiens at an early hour, headed for Calais. His mechanic, Albert Plienx, who had accompanied him across the country, took his place in the machine when the motor had been set in motion for the dash across the channel.

Thousands who had gathered to watch the daring aviator were amazed and urged him not to make the attempt in the face of the half gale that was blowing.

Moissant cared nothing for the warnings of the people, and even the fact that there was no torpedo boat to follow in his wake, but only a ship moving tug, did not deter him. When he made the trip in 37 minutes, when

GOVERNOR TAKES NO ACTION ON BONDS

Is Still Considering Calling Special Session of Legislature for the Fair.

SACRAMENTO, Aug. 17.—Governor Gillett is still debating the proposal made by the San Francisco-Panama-Pacific Exposition management to call a special session of the state legislature for the purpose of submitting to the people a constitutional amendment to extend the term of office of the governor from two to four years.

He has been so busy since receiving the letter from the San Francisco people that he has not had time to even consider their proposition. I had hoped to be able to go to San Francisco and talk the matter over with them, but have been unable to do so. I shall arrive at a decision soon and take the necessary action if I think it best to call the legislature together.

JOHNSON'S MESSAGE TO LOS ANGELES

LOS ANGELES, Aug. 17.—Hiram Johnson, Republican nominee for governor, this afternoon sent the following telegram to Los Angeles friends expressing his appreciation of the vote given him yesterday in Southern California.

"San Francisco, Aug. 17.

"I am unable to adequately express to the people of Los Angeles my appreciation and heartfelt thanks for the vote accorded me yesterday. I want to say to them in the first flush of victory that I have the same definite and serious purpose with which I commenced the contest. Half our work was done yesterday. We have practically eliminated from the Republican party of the state Herrin, Parker and the Southern Pacific.

"With the same dogged pertinacity and perseverance which we have pursued for six months in the past, we will proceed to the accomplishment of the remaining half and continue the work until Herrin, Parker and the Southern Pacific have been eliminated from California government.

"Just as the people of Los Angeles have won the good government for themselves yesterday, vote demonstrates they will win it for the state of California."

AUTOMOBILE HITS POST HURLING OCCUPANTS TO GROUND

**Mrs. George Christensen Is
Rendered Senseless in
Accident.**

**Husband Falls to Realize
He Is Driving on Edge
of Road.**

While speeding along the Fresno road last night in his automobile, George Christensen, a real estate dealer of Sanger, struck a post on the side of the road, which overturned the machine, and resulted in hurling Mrs. Christensen to the ground with such force that she was unconscious, and blood poured from her mouth and ears.

The accident occurred about two miles from Fresno. Shortly after 3 o'clock last night Christensen, accompanied by his wife and two children, left Sanger for Fresno. Christensen was driving at rather fast clip as he approached Fresno. The automobile was running close to the edge of the road. For some reason the driver did not know that he was running so close to the edge until the machine struck the post.

All the occupants were hurled to the ground, the children and father coming out unscathed except for a few bruises and scratches. When Mrs. Christensen was picked up, she was

found to be unconscious, and bleeding profusely from the mouth and ears. She was carried into the house of a nearby resident, and medical aid summoned from Fresno. Late reports from the bedside last night were to the effect that the injured woman had not regained consciousness, and was still bleeding from the mouth and ears.

**BUKER HONORED BY
STATE PHARMACISTS**
Is Elected to the Office of President of the Board of Drug-
gists.

H. O. BUKER.

H. O. Buker returned from San Francisco last night where he has been attending a meeting of the State Board of Pharmacists. At this meeting, the Fresno druggist was honored by being elected president of the board.

The board is composed of seven druggists, who hail from different parts of the state. Buker was first appointed to the board by Governor Pardee, and when Governor Gillett succeeded him, re-appointed the Fresno man.

The election of Buker to the presidency of the board is a distinct honor to this city, as well as a tribute to his rank as a druggist.

OBJECTS TO SUPPORTING WIFE'S TEN CHILDREN

SPRINGFIELD, Aug. 17.—Frederick Sprink draws the line at marrying an entire family and has asked for a divorce from Otis Sprink, stating in his petition that he is willing to support his wife, but not her ten children of his former husband and her son-in-law. Sprink had four children of his own when he married a second time, at Fort Clinton, Ohio, in 1900.

His petition says at the time of the marriage it was agreed he would not be called upon to support his wife's ten children and son-in-law. He claims the family spent his wages for groceries and clothes to the extent that he was unable to attend his mother's funeral.

**Delicately
Formed**
and gently reared, women will find in all the seasons of their lives, as maidens, wives and mothers, that the one simple, wholesome laxative remedy, which acts gently and pleasantly and naturally and which may be taken at any time, when the system needs a laxative, with perfect safety and really beneficial effects, is Syrup of Figs and Elixir of Senna.

It has that true delicacy of flavor which is so refreshing to the taste, that warming and grateful toning to the stomach which responds so favorably to its action and the laxative effect which is so beneficial to the system when, occasionally, its gentle cleansing is required.

The genuine, always bearing the name of the California Fig Syrup Co., may be purchased from all leading druggists in original packages of one size only, price fifty cents per bottle.

MANY CONTRACTS HELD BY M'MURRAY

**Indians Paid Attorney
Many Thousands Yearly
in Fees.**

SULPHUR, Okla., Aug. 17.—Attorney's fees again occupied special attention today at the hearing before the special committee appointed by the House of Representatives to investigate Indian affairs.

It was testified that J. M. McMurray, holder of the 10 per cent fee contracts for the sale of \$30,000,000 worth of Indian lands, had many contracts with the Indians.

At the time a \$750,000 fee was paid to his firm for procuring the title, he had no idea he was a party to the sale, two contracts with the Chickasaws which paid him \$5000 a year each, and two contracts with the Choctaws, which paid him \$5000 each, besides expense allowances.

Chas. M. Johnson, governor of the Chickasaw tribe, was on the stand most of the day. He said the Indians had become convinced that the employment of special attorneys on contingent fees was the only method of securing results.

When asked again how it was that he deposited \$750,000 to his personal account shortly after McMurray had been paid the \$750,000 fee, Johnson replied he never had \$750,000.

Senator Gillett told the committee he would have no more evidence relating to his charge that he had been offered a \$25,000 bribe to promote the McMurray contracts.

TAFI INVESTIGATES.
SULPHUR, Okla., Aug. 17.—In response to a request from Commissioner of Indian Affairs Valentine, the special congressional committee investigating Indian land affairs, forwarded today to Beverly, Mass., a statement covering the amount of attorneys' fees paid by the Indians.

The statement covers a period of twenty years and embraces money paid out as contingent fees. It is estimated that the total amount of \$2,383,304.54. Among the largest fees was \$789,000 paid by the Chickasaw Indians to recover \$240,843 to recover less than \$2,000,000.

The request of the committee for the figures is taken as indicating that the president has decided to intervene himself in the present investigation which grew out of Senator T. P. Gore's charges of attempted bribery.

The contracts now held by J. F. McMurray call for a 10 per cent fee for the sale of \$30,000,000 of Indian lands in the state of Oklahoma. In some instances the fees paid were as high as 25 per cent of the property involved.

GOVERNORS ARRIVE IN SALT LAKE CITY

SALT LAKE CITY, Utah, Aug. 17.—Several delegations arrived tonight and more will arrive tomorrow morning for the conference of governors which will be held in Governor Hays' office tomorrow to discuss plans for presenting the West's ideas to the conservation congress which meets in St. Paul next month.

Nine, possibly ten, states will be represented at the gathering here. While none of the governors or their representatives who are in the city tonight offered any suggestions as to what action will be taken at the conference, the general trend of their conversation seemed to be that the states represented will oppose any endorsement of the Pinchot policies.

**STILL DECLARES HE
WILL NOT RESIGN**

**Secretary Ballinger Merely
Smiles When Shown In-
surgent Gains.**

SAN FRANCISCO, Aug. 17.—On his arrival here tonight, Secretary of the Interior Ballinger said that he was still determined not to resign until requested to do so by President Taft. He refused to discuss the result of the primaries, and when asked as to his opinion of the nomination of William Kent for Congress from the second California district, he merely smiled.

Accompanied by Chief Law Officer Pinney of the Reclamation Service, the secretary is inspecting the various government irrigation projects in the West. Friday he will leave for Yosemite valley, where he will spend four days. He will return to Seattle before going to Washington.

Referring to his conservation policy, Ballinger declared that it was based on his experience as a Westerner of the needs of the West. Among the improvements which he will advocate on his return to Washington will be better roads and increased hotel accommodations for Yosemite valley.

**NICARAGUA TO HAVE
PEACE IN FEW DAYS**

**Central Americans Base
Hopes on Commissions
Now at Washington.**

NEW YORK, Aug. 17.—That peace will be restored in Nicaragua within a fortnight is the declaration of members of the Spanish-American colony here following the report of prisoners released from the hands of Estrada partisans. The revolutionist, it is asserted, are ready to meet the proposed desire of President Madrid for a cessation of hostilities and hope to accomplish lasting peace through the friendly mediation of the State Department.

The commissioners of the two factions are now in Washington and an agreement between them is a matter of only a few days, they believe. The declaration of Pincholas, the leading representative of the revolutionary adherents here, "Of course any arrangement entered into must be guaranteed by the United States. Other wise it would mean nothing. But it is time that our country had peace. Another month of warfare would complete a year of almost incessant fighting in which about five thousand men have been killed and wounded and property damage to the amount of \$10,000,000 done."

HITCHCOCK'S FUTURE.
Postmaster Who Fought for Arizona
Against Senate Leader.

According to the usually well-informed correspondent of the Boston Transcript, Mr. Hitchcock, the energetic postmaster general and reputed political guide in the cabinet of President Taft, has plans for leaving the post office in the near future. He has proposed to resign and enter the law. He is a native of the state, and he differs from most of the politicians in Washington in thinking that Arizona is a safe Republican state and can be made permanently so.

We are not acquainted with the internal resources of Arizona, and it may be that it has better men for the Senate than the triumphant organizer of Mr. Taft's presidential plans. If so, they are not widely known. What is especially true, we believe, is the fact that it throws on the rapidity of changes in the United States, and especially in the newer portions of them. Mr. Hitchcock, the typical Harvard man in politics, the cool, unflinching, reserved, and long-headed planner, is a man that, ten years ago, even, would have seemed as alien to the southwest as the farthest foot that ever was teased and hustled in that rough land. That he should be a leader in Arizona, and that he should make that state a rival in importance to the ancient Rhode Island, was a notion that would have appeared only to a romancer terribly short on plausible inventions. Yet there is nothing impossible, or even improbable, in it. Why should not Mr. Hitchcock, who fought Arizona statehood as long as he could, be succeeded in his unique position by the man who fought as obstinately, and successfully, on the other side?—New York Times.

The faculty to dream was not given to much use. There is a reality back of it. There is a divinity behind our legitimate desires, says Orison Swett Marden in "Success Magazine."

By the desires that have divinity in them we do not refer to the things that we want but do not need; we do not refer to the desires that turn to dead sea fruit on our lips or to ashes when eaten, but to the legitimate desires of the soul for the realization of those ideals, the longing for full, complete self-expression, the time for the opportunity for the weaving of the pattern shown us in the moment of our highest transfiguration.

"A man will remain a rhapsicker as long as he has only a rhapsicker's vision."

Our mental attitude, our heart's desire, is our perpetual prayer which Nature answers. She takes it for granted that we desire what we are headed toward, and she helps us to realize it. People little realize that their desires are their perpetual prayers—not prayers, but heart prayers—and that they are granted.

Most people do not half realize how sacred a thing a legitimate ambition is. What is this eternal urge within us which is trying to push us on and on, up and up? It is the God urge, the God push in the Great Within of us, which is perpetually prodding us to do our best and refuses to accept our second best.

COMPERS NOT MIXING IN MINERS' FIGHT

**Seeks to Amalgamate the
Eastern and Western
Organizations.**

INDIANAPOLIS, Aug. 17.—Rueuel Compers, president of three American Federations of Labor, appeared in the special convention of the United Mine Workers today and denied that he was in Indianapolis in the interest of any faction of the miners' organization.

He said that the object of his visit was to meet with other members of the executive board of the American Federation of Labor to hear the application of Charles Meyer of the Western Federation of Miners for admission to the federation.

Present Compers said that it was the intention to admit the Western Federation of Miners and establish a department of mines in the American Federation.

This afternoon's session was given over to the international executive board members to defend their stand on the Illinois compromise.

**LITTLE PROGRESS
IN BROWNE TRIAL**

CHICAGO, Aug. 17.—Despite disclosures of wholesale attempts to influence voters in the case of Lee O'Neil Browne, by agents acting for parties not named in court, States Attorney Wayman declared tonight that the trial will proceed.

Thirty-six members of the panel that reported today were dismissed, leaving thirty-three to be examined as to their qualifications for jury service. None passed the examination and another panel was subpoenaed to report tomorrow.

GOING TO PRISON IN STYLE.
The Government Provides Good Traveling Accommodations for Prisoners.

"The Leavenworth Overland Special" is a car which runs every day and then from Washington to Leavenworth, Kansas, with a stone wall around it. The tours are personally conducted and are rapidly becoming famous.

With Uncle Samuel there is no class distinction. It doesn't matter whether he was a "man higher up" or not. He travels like one. He travels to the Golden West in a Pullman, he has porters to wait on him and extremely attentive detectives to see that he is comfortable. He dines in those neat little cars Pullman buffets on chicken, potatoes, beef and all the "side dishes." He eats what he pleases and he does not tip the waiter, neither does he pay the bill. Uncle Samuel attends to that.

It is a delightful trip that is furnished him in his concluding day of freedom. The mistake is not likely to be forgotten. When ever a second story man or a yeggman gets tangled up in the meshes of the law he can say to himself: "Well, I have a nice trip ahead to Western parts anyhow."

That is some consolation, and make mistake about it. It is consolation. For a man who has been traveling on freight cars and bumpy roads ever since he was caught in the meshes of the law he can say to himself: "Well, I have a nice trip ahead to Western parts anyhow."

The guards go with him, and they too of course travel in a Pullman. When fifteen prisoners left Washington a few days ago there were guards aplenty to see that the "passengers" did not prefer other delights to Pullman offerings and did not stray far from the plush, velvet chairs when the Pullman catered to as evidenced by the hampers of chicken, beef, ham, eggs, sardines and so on, down to the more aesthetic delights of the tourist library.

Warden McKee, who has been in charge of the United States jail for several years and who has sent more than 500 convicts to various Federal prisons from Washington, said that it is possible to feed the prisoners fried chicken, steaks of various kinds and even a few watermelons for the negro members of the aggregation at a comparatively small cost when the raw food is purchased before leaving Washington. An appropriation of about \$20,000 is made each year for this item, and the meals cost only 36 cents each.

BULL FIGHT STIRS AN ILLINOIS TOWN

Country Club Announces Feature, But Mayor Puts in a Veto.

CHICAGO, Aug. 17.—A genuine bull fight announced by the Ridge Country Club as the leading feature of its annual fair, which will be held on Friday and Saturday, has attracted the attention of the authorities in the village of Morgan Park, near which the proposed bull fight is advertised to be held.

"No such spectacle will be given or advertised in my jurisdiction," said Mayor Ney of Morgan Park. "I shall even refuse to permit posters of the bull fight to be displayed here."

Nevertheless, the promoters of the affair, in the Ridge Country Club, insist that they will be able to hold the bull fight on schedule time in spite of the authorities.

The posters which Mayor Ney refused to allow displayed in Morgan Park have a brilliantly colored picture of a mounted matador. The reading matter is as follows:

"No need to go to Spain to see a Bull Fight.

"The Ridge Country Club, regardless of expense, will have the best thing.

"An imported, ramping, ferocious Andalusian bull.

"You will hear him roaring on the ground.

"No police interference.

"Beautiful women, Spanish costumes, Toreros, Matadors, Espadas, Rebuses, Hija, Hermanas, Ejidos."

INCREASED REVENUES.

WASHINGTON, Aug. 17.—Suits estimated that government internal revenue for the present fiscal year will be increased about \$3,000,000 in consequence of increased taxes on tobacco and cigarettes provided by the Payne-Aldrich tariff bill.

NEW YORK TO TRAIN VISITING FIREMEN

Country Club Announces Feature, But Mayor Puts in a Veto.

NEW YORK, Aug. 17.—Smaller cities which desire to give their firemen training in up to date firefighting methods are to be accommodated by New York city. They will be permitted to send a limited number of their firemen to the school of instruction maintained by the New York fire department and after graduation will be assigned to companies with which, for brief periods, they will see regular service.

A squad of six firemen from Paterson, N. J., is the first to take advantage of the new arrangement. The fire department of Paterson has been the subject of adverse criticism from the insurance companies recently and there has been talk of increasing the rates. To raise the efficiency of the department the mayor decided to send six picked men to New York. They have been assigned places with thirty-two recruits at the school of instruction.

When the visitors return to Paterson they will be the pioneers in a school of instruction in which the members of the Paterson department will keep abreast of the latest improvements in metropolitan methods of fighting fires.

OPIMUM SWINDLE DISCOVERED.

NEW YORK, Aug. 17.—United States customs inspectors recently made a seizure of opium in Hoboken, N. J., which it is believed may reveal a plot of great magnitude to swindle the government. Three arrests were made and the men were charged with having brought in twelve pounds of opium bought in Shanghai.

The case was a bill in February which makes it a crime to have opium without proof of purchase from an authorized source of supply. The penalty is not more than \$500 nor less than \$50 fine, or not more than two years' imprisonment, or both.

PHILADELPHIA, Aug. 17.—In the presence of their two children, aged 4 and 6 years, Bartko Bormarsky today shot and killed his wife and then committed suicide.

ROOSEVELT ACCEPTS ATLANTA INVITATION

Growth of Business Prosperity Will Wipe Out Sectional Lines.

NEW YORK, Aug. 17.—In response to an invitation from the Southern Commercial congress at Atlanta in the spring of 1911, Theodore Roosevelt has just sent a letter to Charles H. Davis, chairman of the congress, at Harrisburg, Pa., in part as follows:

"My Dear Sir:—It is not possible as yet for me to answer definitely, but I believe that on my trip to California next March I shall pass through the Southern States; and I hope that it can be arranged that the Southern Commercial Congress will then hold its meeting in one of the cities through which I am able to pass. If so, it will be a very real pleasure to me to be present, and to say all that I can in behalf of this admirable movement."

"More and more the former misunderstanding about the South is tending to disappear; and you and your associates have been in motion a force that will have much to do with the complete dissipation of this misunderstanding. You are making for a stronger South; and you show your wisdom and foresightedness in the way you realize that this movement for a stronger South is to be effective must mean a stronger national cohesion; for the old South of yesterday is being changed into the young America of today."

"Every good American must hope to see a real solid South in the sense of solid business prosperity in the South; for all good Americans now realize that the prosperity of any part of the country helps the prosperity of the whole. The prosperity of the South will grow faster and stand on the most durable foundations only when we effectively realize that the words 'South,' 'North,' 'East' and 'West' have only a geographical significance."

"I earnestly hope that the young of the South will never forget the past glories of the South, because I earnestly hope that the young men all over America today will keep over in mind those glorious memories of every section of our common country."

"This nation is thrilling with ideals at this very moment and these ideals relate to constructive work in the future. The South must do its full share in realizing it, and from now on it must participate in full in the solution of all national problems."

"The state of General Lee in Confederate uniform stands in the halls of Congress today and his memory is honored by the North and in the North as in the South. I think we are now learning to apply absolutely in good faith the great words of Grant, 'Let us have peace.' I firmly believe that the time has now come when we can lay aside our enmities and work in constructive statesmanship, but in the enormous field of constructive business endeavor."

"No part of our country has seen such progress as the South has made in the last twenty years along material lines, and I believe the next twenty years will see a greater progress."

RAPID GROWTH SURE.

"From now on, I think the South will share with the West in rapidly of growth. The leadership will be hastened by the completion of the Panama canal; the East has the Atlantic and the West the Pacific—the South—more than the East and West—has the Panama canal and will therefore stand at the distributing point of all the great oceans of the world."

"Now you need more people; but like the rest of the country, you need that these people should be of the right sort."

"Feeling this way, I naturally sympathize most cordially with every purpose of the Southern Commercial Congress in its efforts to make the South know itself; and to make both the South and the nation realize that the greatest nation will be developed from the advancement of American citizen."

"In your membership no political lines are drawn; your effort is to strive for the advancement of American citizenship; and all broad-minded men throughout the nation most heartily sympathize with you in what you are doing both to develop and increase the power of the South and at the same time to arouse therein a keener national sense."

"With hearty good wishes,

"THEODORE ROOSEVELT."

MAGISTRATE CONDEMNS DAGGER-LIKE HAT PINS

New York, Aug. 17.—A new police magistrate has placed himself on record for legislation which would compel women to cover the sharp ends of their hat pins with some device to prevent casualties. The magistrate, C. M. Hermann, is a bachelor.

Two very long and very sharp pointed hat pins were brought before him yesterday.

"Are these altogether?" he asked the female defendant. "Who must you wear such dangerous adornment?"

"That is the style, and I must keep up with the style," the woman replied. "It is all wrong," said the Judge. "Men have a right to use their hands to prevent themselves from being struck with these pins, and they are arrested for assault or for being disorderly. I invariably let them off. Why don't you put cork on the ends?"

CHICAGOANS PLAN TO ENTERTAIN ROOSEVELT

CHICAGO, Aug. 17.—Preparation to give Colonel Theodore Roosevelt an ovation August 28th, when he passes through Chicago on his way to Cheyenne, Wyo., were made yesterday by the Hamilton club. On learning that the Roosevelt special is to spend nearly two hours in Chicago before proceeding westward, John W. Batten, president of the club, sent a message in the lion-hunter asking his plans and extending the hospitality of the club.

The train bearing the President on the Western tour is scheduled to arrive over the Lake Shore road at 8:15 a.m. August 28, and to leave at 10:45 over the Chicago and Northwestern.

In a letter received yesterday by Mr. Batten, the personnel of the party is given as follows: Colonel Theodore Roosevelt, William H. Howland, treasurer of the Outlook; Ernest Hamilton Abbott and Harold M. Rowland, both of the editorial staff of the Outlook; Frank Harper, secretary to Mr. Roosevelt.

BAD GETTING WORSE, THE GOOD BETTER

NEW YORK, Aug. 17.—The Rev. A. B. Simpson, who created something of a sensation this week by declaring at the Old Orchard camp ground in Maine that there are fewer Christians and more heathens in the world today than ever before, has explained his meaning in a telegram to his parishioners in New York. He says:

"Religiously we are at once declining and advancing. The bad is getting worse, the good is getting better. There are not so many Protestant Christians in the United States in proportion to the population as a century ago. The causes are chiefly higher criticism and free thought in the pulpit and worldliness among the people. Some of us still believe the only remedy for this lost world is the old Gospel and people who believe it and live it with all their hearts."

WANT FRENCH CRUISER TO VISIT SAN DIEGO

SAN DIEGO, Aug. 17.—Bearing an invitation to Admiral Lord de Castries of the French armored cruiser Montcalm, now at San Francisco, to visit San Diego in his ship and assist in the ceremony of breaking ground for the exposition this city will give in 1915, E. Foucher, foreign secretary of the local Chamber of Commerce, is on his way north. He has letters of introduction from the Chamber of Commerce company and the Alliance Francaise. The invitation is hears is supplemental to the one extended by L. A. Blackman, French consul in San Diego, and the French consul at San Francisco.

SUIT FOR A MILLION.

CINCINNATI, Aug. 17.—Suits aggregating more than a million dollars were filed here today against Benjamin Erb, a New York attorney, on behalf of Rudolph and Leopold Keybolte, former brokers of this city. One suit alone would dispose of \$1,000,000.

The suits are made by the Chesapeake and Ohio railroad, which is a joint defendant with Erb.

The litigation grows out of the formation of a liquidating trust of the old firm of Keybolte & Co. in 1908. In general the allegations are that Erb, although acting as trustee, was found in an effort to defraud the railroad, attitude toward interests which he was supposed to conserve.

GETS MCKINLEY PROPERTY.

CANTON, Ohio, Aug. 17.—By a court decision yesterday, Mrs. Barber McKimble, widow of President McKinley, was given title to one-half of the property known as the McKinley block in Canton, valued at \$40,000.

James McKimble, a nephew of President McKinley and an attorney at law, the late President brought suit to get possession of the property, but the court held that the title of Mrs. Barber is valid and that the property belongs to her.

BELGIAN EXPOSITION AWARDS TO BE GRANTED

BRUSSELS, Aug. 17.—The list of awards to exhibitors at the Brussels exposition, which it was announced yesterday was the first to be given, is still lacking portions of the exhibition, is still lacking portions of the exhibition, is still lacking portions of the exhibition.

HITCHCOCK COMING TO COAST.

WASHINGTON, Aug. 17.—Postmaster General Frank Hitchcock will leave in a few days for a trip through the Western part of the United States to study the postal situation.

Mr. Hitchcock's trip will extend to the Pacific coast. He refused to discuss his proposed trip except to say that he expects to "find a better condition of affairs for the Republican party than some of the pessimists seem to think exists."

DIES FROM MORPHINE.

NEW YORK, Aug. 17.—Albert Spica, owner and editor of the New York Bohemian, died at his home in Jersey City from an overdose of morphine. He was 48 years old.

MOUTIERS, FRANCE, AUG. 14.

Fall Term Begins September 5th

The time is growing shorter. It lacks but a few weeks now—and then for a start on the road to success through Heald's. No young man or woman should fail to give this matter serious consideration. It means a great deal to start right and we teach you how.

The fall term begins September 5th, and we anticipate a big attendance on opening day. A great many have already sent in their applications and we would like to receive yours.

Write to us today and tell us just what course of study you would like to pursue. We can give you some valuable advice and show you the quickest way to realize your ambitions.

The cost is very moderate, \$15.00 pays for a one month's course, three months for \$40.00, six months for \$75.00, one year for \$125.00, and a special rate of \$90.00 for an 8 months' course.

E-D-U-C-A-T-I-O-N Spells Success

If you doubt this statement, just refer to the list of successful men of the present generation. It is true you will find a large majority who have never been to college nor even to high school. You will find, however, that they have acquired the rudiments of a business education.

You should follow their lead in this matter, not only acquire the rudiments of a business education, but master every detail of it. We will show you how.

We take you in hand and guide you safely through the intricate details of a modern business system; show you what to do and what not to do, until you know.

RUSSIAN CHOLERA SCOURGE GROWING

ST. PETERSBURG, Aug. 17.—The horrors of the cholera scourge in Russia, according to Professor Polin of the Red Cross, who has been sent by the government to Southern Russia to study measures of combating the disease, are steadily increasing. Children are starving in many instances, because their parents and adult relatives have died, leaving them unsupported.

There is no indication yet of the epidemic diminishing and the opening season by officers of the federation but explain how they had been led into making the mistake and arranging for the transfer of headquarters to a union house.

LABOR CONVENTION AT "SCAB" HOTEL CAUSES TROUBLE

NEWARK, N. J., Aug. 17.—There is discussion in the ranks of the New Jersey State Federation of Labor which is holding its annual convention here. When the delegates assembled yesterday, members of the waiters and bartenders' unions suddenly discovered that the executive committee had arranged its headquarters in a non-union hotel.

GERMAN SHIP YARDS IDE.

BERLIN, Aug. 17.—As a result of the night between German shipbuilders and their employees, all the ship yards of Germany except the government yards are now idle so far as new construction is concerned. Ship owners are in many cases sending their ships to England for repairs.

When the digestion is all right, the action of the bowels regular, there is a natural craving and relish for food.

When this is lacking you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They strengthen the digestive organs, improve the appetite and regulate the bowels.

Health and Beauty Notes

MY MRS. MAE MARTYN.

G. O. L.: Many women, particularly at this season of the year, have the same trouble that now vexes you—that is, ordinary cold creams leave the skin so oily that the complexion loses instead of gains from their use. Make this cream jelly yourself at home and there will be an end to your troubles. Get from your drug store one ounce of glycerine, fill out a fruit jar, add one-half pint of cold water and two teaspoonful of glycerine, stir briskly for a few minutes and let stand over night. This satisfactory cream is used for massaging to prevent and remove wrinkles, fill out hollow cheeks and round off angles. It gives a clear, fresh and soft skin, because it removes every particle of dirt from the pores by making large pores small prevents their retention. This cream contains no oil or fats that will cause a growth of hair. It prevents freckles, tan and sunburn.

Miss New York: You cannot be too careful in caring for your hair. Yes, take a shampoo every week if it is necessary to keep your hair and scalp free from dust. Never use soda, as it dries the hair; many soaps, too, are harmful, as they leave the hair dry and brittle and cause streaks. For a quick drying home shampoo, there is nothing so good as plain canthox. Dissolve a teaspoonful in a cup of hot water, pour on the head a little at a time and rub well, just as you would with any other shampoo. Then wash the hair with many soaps, a rich and plentiful lather that thoroughly relieves itching and irritation, and leaves the hair soft, bright and fluffy—so that it is easily dressed.

F. P. F.: Your eyes are weak and need a strengthening tonic. Get from your druggist an ounce of erysost, dissolve it in a pint of water. Drop one or two drops in each eye whenever they are tired, red or inflamed. This simple eye tonic helps wonderfully in keeping the eyes bright and clear and does away with that lack-luster and expressionless look that so detracts from an otherwise attractive girl's appearance.

L. I.: To remove the superfluous hairs from your face and forearms, mix a little delatone with enough water to form a paste, cover the skin on which the annoying hairs appear and let it remain two or three minutes; then wipe off the paste and wash the skin with warm water. Use the delatone in the original one-ounce package as it comes from the chemical works. It retails at one dollar and is sold in up-to-date drug stores. Should the hairs disappear, they will be light and thin, and a second application of delatone will permanently rid you of them.

Mrs. G.: Yes, a fleshy woman is at a disadvantage in society or business. To reduce your weight dissolve four ounces of parrotin in 1½ glass of hot water and take one tablespoonful three times a day, before meals. This simple and harmless remedy takes off superfluous fat quickly and without injurious effects.

BIG GOLD SHIPMENT FROM ALASKAN FIELD

SEATTLE, Aug. 17.—The United States assay office in Seattle yesterday received its first consignment of gold from the new Iditarod district in Alaska. The consignment consisted of \$53,828 sent by the bank in Iditarod City, a town that has sprung up within the last year. Reports received here indicate that up to August 1st the total output for the Iditarod district this year has been \$50,000.

The gold, as indicated by test assay, is moderately fine, running from \$17.25 to \$18 an ounce. Pure gold, carrying a base metal, is worth \$20.67 an ounce. None of the gold brings about \$18.25 an ounce and Fairbanks gold runs the same. The best gold that comes to the Seattle assay office is received from the Keyukok district. It runs from \$19 to \$20.15 an ounce.

NEW PRESIDIO COMMANDER.

SAN FRANCISCO, Aug. 17.—Brigadier General T. Tasker Bliss arrived here today to take command of the department of California. On the departure of Major General Thomas H. Barry next Sunday, Bliss will assume the command of the department, taking charge of the headquarters in this city. General Bliss recently was relieved from duty as assistant to the chief of staff in Washington.

General Bliss, who is accompanied by his wife and daughter, will reside at the quarters vacated by General Barry at Fort Mason.

TWO LINEMEN KILLED.

PLEASANTON, Cal., Aug. 17.—D. E. Kramer and H. L. Lavelle, linemen employed by the Sierra and San Francisco Power Company, were instantly killed near here today by falling from a fifty foot tower. They lost their balance when the breaking of the wire caused the tower to lurch. Lavelle came from Fairmont, Va. Little is known of Kramer, but he is believed to have a brother in Stockton and another in Oregon.

MISSOURI TRAIN ROBBER.

BUCKLIN, Mo., Aug. 17.—Two men boarded a Santa Fe passenger train at the Russell Fork bridge, two miles east of here, late last night, held up and robbed it. The train was carrying a mail car, a passenger car and a baggage car. The robbers, Luther Byals, a merchant of Ethel, Mo., resisted the Abolts and was shot. His condition is serious.

LIVELY WINS FROM BEAVERS IN TUG OF WAR GAME

Fisher Misses One of Krapp's Curves, Letting One Run in.

PORTLAND, Aug. 15.—Portland's winning streak came to an end today when Oakland defeated them by a 1 to 0 score. The game was a pitchers' battle, and doubtless would have been prolonged had Fisher been able to hold Krapp. Lively pitched a gift-ed game from start to finish. The score:

NATIONAL LEAGUE

BROOKLYN, Aug. 15.—Brooklyn beat Chicago 7 to 5 in the first game of today's double-header and was shut out in the second, 3 to 0. The home team batted Overall out of the box in the third inning of the game. In the second contest, Cole would have had a no-hit game, but for Tinker's falling while chasing Rucker's fly in short left.

First game—R. H. E. Chicago..... 5 3 1 Brooklyn..... 7 11 1 Batteries—Overall, McIntyre and Kling; Kneizer and Erwin. Umpires—Johnstone and Eason. Second game—R. H. E. Chicago..... 0 1 0 Brooklyn..... 3 1 3 Batteries—Cole and Archer; Rucker and Erwin.

BOSTON, Aug. 17.—Boston closed its home series by beating St. Louis today, 4 to 2. The locals made only three hits, but with two errors and Corridon's wildness they were enough to win. The score:

BOSTON.	AB.	R.	H.	E.	P.	O.A.E.
St. Louis.....	3	0	3	2	0	0
Boston.....	3	0	0	0	0	0

Batteries—Corridon and Phelps; Mattern and Harlan. Umpires—Kline and Kane.

NEW YORK, Aug. 17.—Pittsburg evened up the series with New York today with a 2 to 1 victory. This score has marked all the other games of the series. The locals outbatted their opponents today, but had three men cut off at the plate. The score:

Pittsburg.	AB.	R.	H.	E.	P.	O.A.E.
New York.....	2	1	2	1	0	0

Batteries—White and Gibson; Drucker, Crandall and A. Wilson. Umpires—Rigler and Eniselle.

PHILADELPHIA, Aug. 17.—Philadelphia took fourth place today by winning two games from Cincinnati, 7 to 2 and 4 to 2. Cincinnati's errors were very costly in the first game, while their misplays were also bunched with the home team's hits in the second contest. The scores:

First game—	R.	H.	E.
Cincinnati.....	2	13	2
Philadelphia.....	7	11	4

Batteries—Beabe, Benton and Clarke; Stock and Dooin. Umpires—O'Day and Brennan.

Second game—R. H. E. Cincinnati..... 3 7 3 Philadelphia..... 4 12 1 Batteries—Burns and McLean; Brennan, Moore and Dooin. Umpires—Brennan and O'Day.

COALINGA SAVAGES GIVE UP GHOST AT LAST

Householder and Funk Going to Vancouver; Season to Be Finished.

Eddie Householder, formerly of the Fresno Tigers and late of the Coalunga Savages, arrived in Fresno last night from the old fields. Householder had tucked away down in his grip the news of the downfall of Coalunga, insofar as the San Joaquin Valley League is concerned. After three efforts to keep the team above water, the fans of Coalunga have given up the ghost. In other words, the Savages are no more.

The team passed out of existence yesterday when J. Newt Young of Visalia, president of the league, was notified by Clyde Williams, manager of the Coalunga club. As a result the Bakersfield Drifters will not go to Coalunga Saturday and Sunday. Visalia will journey to Tulare in accordance with the schedule, while Bakersfield will tangle with an independent team. President Young hopes to keep the league afloat by playing out the schedule, which ends October 2nd.

Two teams will clash each Saturday and Sunday, with the idle club playing independent ball.

The Coalunga players will soon scatter to the four winds. Eddie Householder and Doc Funk have signed with Vancouver, in the Northwestern League. Adams and Glanville are returning to school around the bay. Glanville wants to play a few games with Visalia, and inasmuch as the Bakersfield tosser may join Young's project.

KEWANEE, Ill., Aug. 17.—Terms for three matches in Australia were accepted last night by Ed Papke, manager for his brother, Billy Papke, challenger for the middleweight championship. The offer is made by Promoter Hugh McIntosh, and the fights will take place this fall. Billy Papke will sail from Vancouver September 9th, expecting to be in Australia at least nine months.

Two teams will clash each Saturday and Sunday, with the idle club playing independent ball.

The Coalunga players will soon scatter to the four winds. Eddie Householder and Doc Funk have signed with Vancouver, in the Northwestern League. Adams and Glanville are returning to school around the bay. Glanville wants to play a few games with Visalia, and inasmuch as the Bakersfield tosser may join Young's project.

KEWANEE, Ill., Aug. 17.—Terms for three matches in Australia were accepted last night by Ed Papke, manager for his brother, Billy Papke, challenger for the middleweight championship. The offer is made by Promoter Hugh McIntosh, and the fights will take place this fall. Billy Papke will sail from Vancouver September 9th, expecting to be in Australia at least nine months.

AL KAUFMAN AND BILL LANG MATCHED FOR SEPTEMBER 5.

PHILADELPHIA, Aug. 17.—A telegram was received in this city tonight from Harry Edwards, the fight promoter who is in New York, stating that he had matched Al Kaufman and Bill Lang to box six rounds at the Philadelphia National League baseball grounds here on Labor Day.

COALINGA SAVAGES GIVE UP GHOST AT LAST

Householder and Funk Going to Vancouver; Season to Be Finished.

Eddie Householder, formerly of the Fresno Tigers and late of the Coalunga Savages, arrived in Fresno last night from the old fields. Householder had tucked away down in his grip the news of the downfall of Coalunga, insofar as the San Joaquin Valley League is concerned. After three efforts to keep the team above water, the fans of Coalunga have given up the ghost. In other words, the Savages are no more.

The team passed out of existence yesterday when J. Newt Young of Visalia, president of the league, was notified by Clyde Williams, manager of the Coalunga club. As a result the Bakersfield Drifters will not go to Coalunga Saturday and Sunday. Visalia will journey to Tulare in accordance with the schedule, while Bakersfield will tangle with an independent team. President Young hopes to keep the league afloat by playing out the schedule, which ends October 2nd.

DEMOCRATS TALK OF COST OF LIVING

Minority Report Is Made By Three Southern Senators.

WASHINGTON, Aug. 12.—The tariff, trusts, combines and monopolies and an increased money supply are three substantial causes for the advance in prices in the United States, according to Senators Johnson, Clark and South Carolina, minority members of the select committee appointed during the last session of Congress to investigate and make a report on wages and the prices of commodities. The report was made public today. Vigorous attack is made in the minority report on almost all the reports submitted by the majority in its report, submitted some time ago, as the cause for the advance in prices.

After attacking one at a time, the fifteen principal causes, which, according to the majority report, contribute to the high cost of living, the minority report takes up the tariff, declaring that when the Payne-Aldrich bill was framed, "chambrage was put on the schedule at from 25 to 65 per cent, while wearing apparel was taxed from 30 to 92 per cent—drinking champagne was to be encouraged and wearing woolen clothes discouraged."

"So with hats," they said, "those bringing not over \$4.00 per dozen were taxed 75 per cent, and those valued at more than \$15 per dozen, 47 per cent."

"The result of protection, they declare, is 'great fortunes for the few and great suffering for the many.'"

Showing the effect of the tariff on prices, they found sugar, on which the New York consumer, they say, pays more than the London consumer, by the difference in the sugar tariff in the two countries, plus 17 cents per hundred pounds.

"Woolen tariffs," they add, "to mention the iniquitous woolen schedule, where the tariff rates are so high on these necessities of our people as practically to preclude any foreign competition except on high cost goods purchased by the wealthier consumers who can to some extent disregard prices."

Taking up the question of trusts, combinations and monopolies, they declare, "that there are few trusts that could survive under the shadow of high protective walls."

"The methods of the most trust," they declare, "seem to be admirably adapted to take from the producer and the producer will bear their deduction of local competition cannot be improved upon."

As to what they call a sample of the working of our combines, they say that while everywhere in the world the price of harvesting machinery has been appreciably reduced since 1900, in the United States it has materially increased. The increase started nearly contemporaneously with the Dingley tariff.

"HAPPY ENGLAND," they say that the "fact that wages would fall if the tariff was removed, and the fall of prices would not be clear gain to the consumer, is not warranted by the experience of Great Britain."

Great Britain is a free trade nation and in the world except our own. Shocks of emigrants from the tariff ridden nations of France, Germany, Italy and Russia go to England to work. But Englishmen do not go to the United States to work. The standard of living is lower. The general testimony is that the rate of wages for all mechanical trades is substantially higher in Great Britain than in these countries, while the prices of necessities are lower, leaving the Englishman a wider margin to live upon.

"It is about sixty years since Great Britain adopted free trade, and during that time, according to a table published in Whitaker's Almanac, wages have increased 100 per cent, and prices 100 per cent. It is, therefore, well seen that the abolition of the tariff in Great Britain did not bring down the rate of wages. Neither would it in this country. If we remove the obstruction, allowing the sink to their natural level, the question of wages may be allowed to take care of itself."

Replying to the majority's statement in its report that "an increased demand for farm products is a cause of advancing prices, the minority declares that seven bushels per capita in 1900 to more than eight in 1909; corn from 27 to 30 bushels per capita, and potatoes from almost three to more than four bushels. Notwithstanding the increase in the price of farm products, the farmer, they say, "has realized a small net return on his labor and investment by reason of the increased cost of articles necessary for him to purchase to carry on his business."

WILL TEACH GIRLS HOUSEHOLD ECONOMICS

Two Years' Course in Chicago High School for Prospective Wives.

CHICAGO, Aug. 12.—A new system of household economics is to be introduced into Chicago by the new two-year vocational course in the Chicago high schools. One of the studies that the girls will have to master is named "Division of Income."

Mrs. Ella Flegg Young, superintendent of schools, says that the girls are going to know how to split up a pay check so closely that they will foresee a needed yeast cake four days ahead.

"We want the young wife to understand what part of the family income hers," said Mrs. Young. "We want her to know how to spend it. She will be taught in the high school to watch the daily papers for the market prices and to know just what things should cost from day to day."

"When she sees a thing she wants we want her to be able to figure out whether she can really afford it—whether it is worth as much to her as it costs. She must take her husband's check and figure out what she must do for rent, food, fuel, light and all the other needs of a home. When she goes through the catalog she can see the other essentials."

HOW THE CUTTER PERRY WAS WRECKED ON ROCKS

Caught in the Fog of Bering Sea Off Alaskan Coast.

VALDEZ, Alaska, Aug. 12.—Details of the loss of the revenue cutter "Perry" which went on the rocks at Tongue Point, St. Paul Island in Bering Sea, July 26, were brought here today by the revenue cutter "Itasca" from Unalakleet. A full report of the accident was given to the "Itasca" by the officers of the "Perry," who went to the assistance of the "Perry."

The "Perry" had been working her way through a heavy fog several days, when she was caught in the fog. She was on her way to the sealing wharf at Tongue Point. About 4 o'clock in the morning of the 26th the fog became less dense and the "Perry" started to round Tongue Point, when she ran into another heavy fog. The soundings of the officer on watch sighted his land, got his bearings and directed the course away from the beaurings. Two minutes later breakers were sighted ahead. The officer again changed his course, but the boat struck a rock and held her.

Captain Haake at once sounded the call for the collision bell and every emergency rule was carried out with military precision, and without the least excitement.

Efforts to pull the vessel off the rocks by hoisting a large anchor line were unsuccessful. The fire was extinguished and all the steam was exhausted. The men tried to work the winches, with their hands in an effort to free the cutter, but were unable to budge it.

Captain Haake ordered the crew to prepare to go ashore. Provisions, clothing, and all the launch gear were taken off in small boats and stowed in the native seal house where seal skins are kept for shelter.

As soon as the "Perry" struck, her wireless operator began calling for assistance. The calls were picked up by the cutter "Tahama" at 10 o'clock, she arrived alongside. The "Tahama" set out to get the cutter "Perry" to stand by. The Manning is of lighter draft than the "Tahama" and Captain Foley, fleet commander, deemed her better fitted for standing by.

The crew of the "Perry" went five miles overland to the village. The next morning they returned to the wreck with thirty empty barrels, which they stowed in the vessel, in the hope of keeping her afloat.

During the high water the "Perry" pounded heavily on the rocks and was rapidly getting in pieces. When the morning arrived from Unalakleet more barrels were put in the "Perry's" hold. The whole bottom of the cutter was ripped out, however, and Captain Foley ordered the wrecked cutter blown up.

ACTORS PLANNING HOBBLE SKIRT RACE

NEW YORK, Aug. 12.—Preparations are being made by the managers of the actors' fund for a unique sporting event.

A hobble skirt race, the first contest of its kind in the annals of American field sport, will be held in the Polo ground next Friday. The occasion will be the actors' fund field day, when 500 stage players will take for the benefit of the fund. Among those who will compete in the latest rival to the sack and three-legged races are Miss Marie Dressler, Miss Fannie Hurst, Miss Laura Eliza Taylor, Miss Gertrude McCoy and Miss Emma Carus.

Entry blanks have been sent to all the Broadway chorus girls, and it is expected there will be so many entrants that the race will have to be run off in heats.

The conditions figure generous allowance for weight, height, breadth and age. Contestants are required to weigh in at noon on the day of the race. Entrants who have passed their prime and who will be entered as carrying weight for age, will get an extra allowance of two inches for every ten pounds. Extra tall contestants will be handicapped by having the hobble band within eighteen inches of their insteps. The race will be for 100 yards and a gold medal.

Completed returns from this county, which will all be in today, will give Hiram Johnson 3 to 1 over all the rest of the gubernatorial field combined. His vote will be approximately 3000 to 1000 for the other four candidates. The vote last night shows: Johnson, 2991; Anderson, 567; Curry, 396; Ellery, 34; Stanton, 75.

Further than this, Johnson will carry with him the whole Lincoln-Roosevelt ticket, with good margins, especially in some of those offices which are very close elsewhere, and were in doubt at a late hour last night. In the case of A. J. Wallace of Los Angeles, Lincoln-Roosevelt candidate for the office of lieutenant governor, the Fresno vote may have the effect of swinging the very close margin of this entire state vote in his favor. He got a total of 2014 in returns from ninety-six precincts counted last night, as against 498 for Keesling, his strongest opponent elsewhere in the state.

Allison Ware, for superintendent of Public Instruction, running on the insurgent ticket against Hyatt, drew 1978 in the 96 precincts from which returns are available, as against Hyatt's 1284. The largest precincts are all in and have been counted for.

As the work of sizing up the semi-official returns progresses, the

extreme unwieldy nature of the vote to count becomes apparent. The "writing in" privilege has developed a long list of candidates, and has caused innumerable errors and mix-ups in the ballots, which confuses the results to no small extent. The great size of the ballots in both parties is another factor in the situation. Further, the vote, for a primary, is now considered heavy.

As more returns come in, it is apparent that Sutherland won the Republican assembly race by a total of something near a thousand votes. John Fairweather is second, and Williams a rather slow third. Returns from ninety-six precincts last night showed: Sutherland, 844; Fairweather, 414; Williams, 385.

As expected, further returns bear out the fact that Allen Mason won the Republican nomination for sheriff, with Jay Scott second, and Lang third. Results from ninety-six precincts last night showed: Mason, 1623; Scott, 1225; Lang, 1029.

OCHS BEATS HASTIE.
The supervisor fight in the Republican party in District Four was carried off by Ochs, by the following vote (not quite complete): Ochs, 514; Hastie, 470; Wells, 313; Winnell, 103.

Hastie publicly withdrew in Coalinga the day before the election, but despite this pulled a very strong vote. He did not withdraw on this side, and it seems a certainty that he would have won the nomination had he not entered into the agreement with Ochs, on whose account he quit the race.

As indicated by the rather full results now in, Ernest Klette wins the fight for Republican nomination for district attorney, winning over Thomas Ingersoll by a margin of several hundred. The results obtainable last night from 95 precincts showed: Klette, 1867; Ingersoll, 1341. The race made by Ingersoll was a surprise for strength. This is believed to be partly due to sympathy for his recent accident in being run down by an automobile.

Deputy County Clerk Dave M. Barnwell yesterday remarked on the especially good work done by the registration clerks this year. Under the only convention system, there clerks were chosen by the county clerk, were experienced, and did their work as experienced people do. This year, they were any one chosen by the candidates in the various precincts and largely inexperienced persons. He says he was agreeably surprised to find but one error made by one of these clerks.

FREAKS DEVELOPING.
Some of the surprise features of the election as well as most of the freaks were made by the "writing in" privilege, which was freely taken advantage of. Graham and Cram, for instance, both originally Democratic candidates for city justices' nomination, in reality became rivals for the nomination of both parties, their names being freely written on both tickets. This was also the case with McKay and Hickok, rivals for the nomination on the Republican ticket originally, but as developments actually came about, rivals for the nomination on both tickets.

It was remarked that the name of Hiram Johnson was written in very freely against that of Bell on the Democratic ticket. It occurred on about one in four precinct return sheets, though in no case did he receive more than 4 or 5 votes, and usually only one. Bell's name appeared on the Democratic tickets only on a few isolated cases.

Denver S. Church, who was trying for the nomination for district attorney on both tickets, was the choice of the Republicans by plurality in but one precinct, Sanger No. 2, where he had one the majority over the Republican aspirants, Klette and Ingersoll.

Fresno county has the distinction of possessing two precincts that went unanimously for losing gubernatorial aspirants. Ellery carried one and Anderson the other. In Dry Creek was but one lone Republican, who voted for the latter, and the one Republican in another mountain precinct went for Ellery.

BARSTOW LOSER.
The effect of "writing in" on the aspirations of three Republican incumbents in county offices to secure nominations of both parties were yesterday watched with the keenest interest. A. B. Smith won over William Ryan for tax collector, having an apparently safe margin last night, to be candidates of both parties. H. E. Barnum, a heavy winner over Will Keller, whose name was written in for auditor on the Democratic ticket. But in the case of R. N. Barstow, incumbent recorder and Republican, the result was reversed, and latest results show that he almost certainly lost to Charles McGowan, the Democratic nomination. Returns last night from ninety-five precincts, including all the large ones, showed: Barstow, 201; McGowan, 221. It is not believed the vote to come in can change this result, and Barstow's defeat on the Democratic side is practically conceded. He had practically no opposition on the Republican ticket.

Charles Farnam and George E. Machen, both now members of the Fresno city police force, are the Republican's choice for constable of the city.

FIRES GAINING IN CLEARWATER FOREST
Now Extend Over an Area of Three Hundred Square Miles.
SPOKANE, Wash., Aug. 17.—Late reports indicate that the forest fires in the Clearwater forest reserve, Idaho, are gaining headway. The fires are said to extend a length of thirty miles and to be over ten miles wide. Reports concerning loss of life have been exaggerated, it is stated, and one person being known to have perished. Fire in the lower district extends from Post 23 to Post 31, a distance of nine miles, while fire on the hills extends from camp 85 to Boulder Creek, a distance of twenty miles. Ray Fittinger, a ranger, left Monday morning for the Montana state line to guide federal troops into the burning districts to fight fires. Over two hundred men are now engaged in back-firing to prevent spread to other heavily timbered sections.

ILLNESS REVEALS HIS SHORTAGES

Books Examined While Confidential Clerk Is Dying.

NEW YORK, Aug. 17.—Adolph Gabriel, confidential clerk for a New York leather company, is dying of typhoid fever in his uptown residence, unconscious of the fact that an examination of his books, made since he became ill, has revealed discrepancies which led a Supreme Court Justice yesterday to issue an attachment against him for \$38,000. Gabriel had been in the employ of the concern for ten years and so much confidence was reposed in him that no examination of his books had been made in several years.

According to his employers it was discovered soon after he fell ill that he had filled in several checks for amounts greater than were indicated by the stubs, or by the cash book. An examination followed and showed, it is alleged, that he had converted the difference to his own use, between September, 1907, and July, 1910, at least \$6000 being missing.

The court order obtained by his employers attaches his bank account, his private safe, the contents of which no one but the unscrupulous man knows, and a check for \$7452, which Gabriel entrusted to a life-long friend in the first days of his illness. Most of the money, however, is believed by officers of the leather company to have gone into unsuccessful ventures in Wall street.

A. B. CHASE PIANOS

\$4.75 and Up

The A. B. Chase is a piano of great merit and thorough quality. It appeals particularly to those who understand music, yet do not care to invest in a high priced instrument. There are many well known makes not as good, which sell at much higher prices. The A. B. Chase piano will satisfy the most exacting musician. We recommend it, also, to withstand unusual climatic conditions.

We also carry the A. B. Chase Player Piano in grands and uprights.

We sell the A. B. Chase piano on moderate terms, if desired, and will take your present piano as part payment.

PRINTER'S INK PAYS

Make Your "Meat" Shredded Wheat

These are troublous times for the man who eats food. The Government is after the beef trust, the poultry trust and "the cold storage egg". But while congress, state legislatures and grand juries are "investigating" the high cost of living, your meat bills and grocery bills are soaring higher and higher.

The food problem is an easy one if you know

SHREDDED WHEAT

It contains more real body-building nutriment than meat or eggs, is more easily digested and costs much less. Always clean—always pure—always the same price. Your grocer sells it.

Shredded Wheat Biscuit is made of the whole wheat, steam-cooked, shredded and baked in the cleanest, finest food factory in the world. It is ready-cooked, ready-to-serve. Two Shredded Wheat Biscuits heated in the oven to restore crispness, and eaten with a little hot milk, and salted or sweetened to suit the taste, will supply all the energy needed for a half-day's work. If you like it for breakfast, you will like it for any meal in combination with vegetables, baked apples, sliced bananas, stewed prunes or other fruits.
